FAQ

- From the makers of Hemp + 5HTP Gummies for pain, anxiety and insomnia, we bring you our latest product. Calm K-9 is a Hemp herbal remedy for dogs over 18 weeks of age, exhibiting anxiety or responding to stress such as separation, grooming, hyperactivity, travel, vet visits & storms.
- Our product contains no THC and you can travel with it.
- **You must consult your vet before administering the chews to your dog to check ingredients and any contraindications with medications they are taking.**
- Hemp is a natural anti-inflammatory and can assist your dog with any inflammation based pain or arthritis. Hemp and the other ingredients listed can assist with alleviating anxiety.
- **Directions for use:** 0-4 kg 1/2 chew, 5-12 kg 1 chew, 13-29kg 2 chews, 30+ kg 2-3 chews.
- There are 90 chews in every jar.
- Our hemp chews have no artificial flavours, preservatives, hormones, soy, corn, dairy or sugar.
- You can give them to cats and the same directions for use apply as the formula is weight based. Again consult your vet before giving to your cat to check ingredients and any contraindications with medications they are taking.
- If you order online we have free shipping Australia wide and do ship to some countries listed on our website.
